

.....Giving Life to your Land.

Landscape is more than just a scenery:

LAND means both a place and the people living there.

SCAPE means to shape and also association, partnership.

LANDSCAPING is an Art of Converting the Land into Art by the combined action and interaction of Natural and/or Human Factors.

History/Company's background

GREEN DESERT LANDSCAPE CO.W.L.L. was established in June 2014 with a vision to provide professional and quality services to the customers. The company continues to operate based on the principle of providing high quality personal services throughout the design and construction process and continuing after the project was done.

Custom-tailored services provided by a well trained team, comprising of well experienced landscape architects, design engineers, project engineers, supervisors and skilled workers to suit and satisfy the varying requirement from private clients, municipalities, palaces to hotels and government bodies with excellent outcomes.

Mission & Vision:

Company's main mission and vision is to provide very professional services for clients who demand perfection in design, quality and Workmanship. And we believes it can be achieved through generating appealing landscape, appreciated by people and reconnecting them with nature which will deliver 'stepping-stones' towards a suitable future for a world with an ever growing awareness for the environment.
